Comment	<p>I would like to object to the plans submitted which would include felling our beautiful woodland and the home to much wildlife, I have seen deer as recently as today!</p> <p>As well as the wildlife losing their home, I believe the proposed plans would significantly change our landscape and we would no longer have an open view of the country side.</p> <p>As a resident on the road, I am also concerned that the vehicle access will be dangerous, along with the pedestrian access on the corner of Alexander Avenue where I would be reversing out of my drive.</p> <p>It would be disappointing to see this beautiful land changed so drastically</p>
